

Not everyone's Christmas will be happy.

We are supporting Beddown's 2023 Christmas Appeal.

Join us in donating today

Australia is experiencing its worst ever housing and homelessness crisis.

Latest statistics from the Australian Government indicate 92,582 people were supported by specialist service agencies dedicated to homelessness across Australia in September 2023.*

At Beddown we know that there are people sleeping rough who may not be included in these statistics due to barriers unique to their personal circumstances. We seek to bridge this gap with a health and wellbeing response while connecting our guests to relevant support available to them.

Beddown's 2023 Christmas Appeal is raising funds for a much needed venue in the heart of Ipswich.

A purpose-built venue that will provide a safe and secure space for people experiencing homelessness. We are committed to activating under utilised venues into safe and secure spaces for vulnerable people sleeping rough.

Our guests are welcomed with warm hospitality, treated with dignity and respect, and offered access to wrap around support services to support their pathway to long term accommodation.
